GENESIS STUDY QUESTIONS

- What is faith (Heb 11:1)?
- How does one's faith affect how he sees the world (Heb 11:3)?
- What role should "evidence" play in our witnessing?
- What clues in Genesis 1 help the reader to know whether or not it should be interpreted literally?
- What theological problems result from denying the existence of Adam as a real person (Rom 5:12-21)?
- The theory of evolution teaches that death preceded Adam's sin. How does this undermine the goodness of God and the Gospel of Christ (Rom 8:20-23)?
- How does a person's belief about the origin of the universe affect the way he thinks and lives?
