## **Nearing the End of the Project**

As I mentioned in our recent update, we are enjoying the use of our church property in many new ways. We have greater access and use of our building, with the addition of a new parking lot, elevator, nursery area, restrooms, and auditorium which has shifted to the new area upstairs from what is now our fellowship hall and children's church area downstairs. The impetus for the building project was the need to provide greater accessibility for the disabled and to make our property more functional than it was. We have also been able to add fire safety equipment and emergency exit doors. One largely unseen portion of the work is the plumbing to facilitate the new restroom facilities and the rewiring of the entire building. We have been presented with the final electrical/plumbing bill and are thoroughly reviewing the bill with the help of an independent electrical engineering company. We anticipate that we can negotiate a lower price than we have been presented with. Even so, we have a shortage of funds to meet our obligations.

The Lord has provided for us in amazing ways each step of this project and this week we have learned that an anonymous donor has committed to match gifts given to the building project until December 1st up to 25,000 USD. Already we have seen responses to this news from people in our ministry here. Would you please pray with us that the Lord will supply the rest of our need?

Thank you for partnering with us for the advance of the gospel in Malta.

In Christ,  
The Burrills
